Berlin, June 30-July 1, 2022

---

## SOEP 2022 at DIW Berlin

The 14th International German Socio-Economic Panel User Conference (SOEP2022) will be held in **Berlin** from **June 30 to July 1, 2022** at **DIW Berlin**.

The conference provides researchers who use the SOEP (including the SOEP part of the Cross-National Equivalent File (CNEF), LIS/LWS data, SOEP-IS, and SOEP-EU-SILC Clone) with the opportunity to present and discuss their work with their peers. Researchers from **all disciplines** (e.g., economics, demography, geography, political science, public health, psychology, and sociology) are invited to submit an abstract.

We particularly welcome contributions examining the **economic, political, psychological, and social consequences of technological change and digitalization** in the workplace and in everyday life outside of work. In addition, we encourage submissions beyond this thematic focus, particularly submissions using the longitudinal features of SOEP and submissions on **survey methodology** and **cross-national comparative analysis**.
