Vorstand Executive Board

Der Vorstand hat die Aufgabe, die strategische und organisatorische Ausrichtung des DIW Berlin zu gestalten und optimale Rahmenbedingungen für die Kernaufgaben des Instituts zu schaffen: Forschung, Politikberatung, Nachwuchsförderung und Infrastrukturbereitstellung. Zu diesem Zweck sind die beiden wissenschaftlichen Vorstandsmitglieder selbst wissenschaftlich aktiv. Zum Vorstandsbereich gehört ebenfalls das »Graduate Center«, eine Graduate School, die Doktorandinnen und Doktoranden ausbildet. Außerdem sind im Vorstandsbereich zwei Forschungsgruppen verankert: Gender Studies analysiert die wirtschaftliche, soziale und kulturelle Bedeutung der Geschlechter. Nachhaltige Entwicklung (bis 2016 Abteilung Entwicklung und Sicherheit) untersucht die Wirkung von Politikmaßnahmen auf die Lebensqualität von Menschen in Entwicklungs- und Transformationsländern.

The Executive Board is responsible for structuring the strategic and organizational orientation of DIW Berlin and creating the optimal framework for the Institute's core tasks: research, policy consulting, promoting young talent, and the provision of infrastructure. For this purpose, the two scientific members of the Executive Board continue to engage in research activities.

The »Graduate Center«, a graduate school that trains doctoral students, is also part of the Executive Board.

As well, two research groups are integrated into the Executive Board: The Gender Studies Research Group identifies and analyzes the economic, social, and cultural differences between men and women as well as the driving forces behind these disparities.

The Sustainable Development Research Group (known as the Development and Security Department until 2016) focuses on policy measures that are aimed at strengthening the resilience of households in the face of extreme weather events.
