## SOEP-Core – 2023: Individual (techn., with Reference to Variables)

SOEP Group

Running since 1984, the German Socio-Economic Panel (SOEP) is a wide-ranging representative longitudinal study of private households, located at the German Institute for Economic Research, DIW Berlin.

The aim of the SOEP Survey Papers Series is to thoroughly document the survey's data collection and data processing. The SOEP Survey Papers is comprised of the following series:

Series A – Survey Instruments (Erhebungsinstrumente)  
Series B – Survey Reports (Methodenberichte)  
Series C – Data Documentation (Datendokumentationen)  
Series D – Variable Descriptions and Coding  
Series E – SOEPmonitors  
Series F – SOEP Newsletters  
Series G – General Issues and Teaching Materials

The SOEP Survey Papers are available at <http://www.diw.de/soepsurveyspapers>

B10 In the following questions, we would like to learn more about your family situation.	157

## Reading Aid

This representation of the questionnaire contains the same informations as the portal `paneldata.org`.

The diagram shows a questionnaire entry with the following components and annotations:

- question number:** Q72
- question text:** Now we would like to know something about you personally. Were you born in Germany?
- interviewer instruction:** This refers to Germany or the Federal Republic of Germany or the German Democratic Republic in the national borders at the time of your birth.
- answer options:**
  - Yes (1)
  - No (2)
  - No answer (-1)
- in blue: identifier for filter:** Q72:lsta1
- in blue: filter with condition:** Q72:lsta1=2
- in green: dataset name, variable name, variable label:** bio I0013 born in Germany
- grey bar: open or numeric answer:** Q73:lsta2 bio I0016 Country Of Birth

Here, in addition to the *question number*, *question text*, *interviewer instructions*, and *answer options*, you find printed in green the *file name* and the *variable name* with the *variable label*, which contains information from the question. If you see rows of green lines below the answer option, the questionnaire defines several variables or informations are stored in more than one data set.

The *routing by filters* is depicted in blue.

Each variable is preceded by an identifier, which usually contains the question number and which is used when the variable is used in filters in subsequent questions. Such filters are usually placed as input filters (gatekeepers) at the beginning of a question. An identifier that is referred to in the input filter of a subsequent question is marked yellow as an example.

This reading aid does not cover a few exceptional cases: If the filter (as gatekeeper) only affects one of several variables for a question, the filter is printed in blue behind the variable. There you will also find a "go to" command in the form 2 @ Q73. Here, the questionnaire skips to question 73 if answer 2 was given.

Phrases that are not already translated in English are displayed in German and preceded by [de].

**116** In many cases, scientific researchers can only make accurate statements about people's current working and living conditions and how they change over time if they have information from both employees and employers. We therefore regularly ask the participants in "Living in Germany" for the names and addresses of their employers. We would like to ask you for this information now. Afterwards, infas will interview employers about their business situation and combine this with publicly available information from business registers. Of course, we will ensure that you remain completely anonymous and that all data protection regulations are strictly observed. No information will be passed on that would allow you to be identified as an individual. This confidentiality also applies, of course, to the information provided by your employer.

Please state the name and address of the local operating unit or office.

**218n\_g** Thank you for agreeing to the linkage of your pension insurance data with the survey data. Data protection legislation requires your written consent for the linkage of social data with survey data. This consent is, of course, voluntary and can be withdrawn at any time. Following your participation in the study, you will receive, together with our thank-you, the brochure "Information about the Study "Living in Germany" for Participants" and a document "Consent to the Merging of Survey Data from the Study "Living in Germany" with Account Data from the German Pension Insurance Institutions".

Please read this declaration carefully and send it back to infas completely filled out and signed. Along with the thank-you from infas and the documents, you will receive a stamped return envelope so that you will not incur any costs as a result.
